

Cherry Rear Wheels - Compatibility

1 - The Cherry rear wheels on this website are only compatible with **NEW* Cherry rear axles**. The new wheels feature a double bearing system which makes them easily identifiable (The previous models featured a black plastic insert). The wheels are compatible with Cherry rear axles on models with the batch numbers **E13765** onwards.

*New cherry rear axles have a manufacturing date of Feb 2012 onwards.

2 - The Cherry rear axles on this website are only compatible with **NEW* Cherry rear wheels**. The new axles feature black rivet heads which makes them easily identifiable (The previous models featured silver rivet heads). The axles are compatible with Cherry rear wheels on models with the batch numbers **E13765** onwards.

*New cherry rear axles have a manufacturing date of Feb 2012 onwards.
